## Notes from the Director's Desk...

Thank You for your participation in the KidStuff Book fundraiser! Because of your efforts we will be able to purchase new items for our classrooms. We will also use some of the profits for a puppet show for all of our classes during the winter months. If you are not purchasing your books, please return them immediately.

**Our Enrichment STEM Program is in progress!! We still have a few spaces available. Classes will begin the week of October 2nd, If you are interested in experiencing a STEM classroom and becoming a Preschool Engineer, see Nancy.**

This month in Art Class, we will be creating fall leavess using different Art techniques and materials to blend colors.

This month in Science Class, we will learn what happens to different candy in different liquids. We will also be exploring “tricky” sensory activities.

This month we will begin Spanish in the Four Year Old Classes and T-Class. The 4s will learn fall colors. T-Class will be learning the days of the week.

Our Fall Harvest Parties are the last 45 minutes of class with the exception of the two's. The two's parties are the last one half hour of class. There will be a sign up sheet posted on the glass windows where your child's daily sheet is posted. The school will supply the craft, however, we still need lots of help with items for treat bags, etc. **Please remember that we do not dress in costume.**
