Nursery School Newsletter

Notes from the Director's Desk...

Welcome to all the families of Nursery School! We are delighted to have you and your child as a part of our school family.

We are very excited to begin our new year in new rooms! All Nursery School parents are to enter in the South Entrance. There will be signs posted to help you find your room. If your class is in the F wing you are welcome to exit out the side door. That door is a locked door and cannot be used as an entrance! Your teacher will explain more details at your Meet The Teacher Session.

You will receive a monthly calendar, and a newsletter from your child's teacher to keep you informed about the happenings in the classroom. You will also receive a Director's newsletter with upcoming events. We encourage you to read all of this information and become comfortable about what "a day at school" is like for your little one.

REMIND!!

We will once again use the Remind system for school closings and other important updates. Your child's teacher will give you the information at the Meet The Teacher Session. Please activate your information in order to begin this service. This will replace our time consuming "phone tree" system.

Reminder: Please label all of your child's removable clothing such as sweaters, coats and hats.
